ELEKTROGAS SOLENOID VALVES

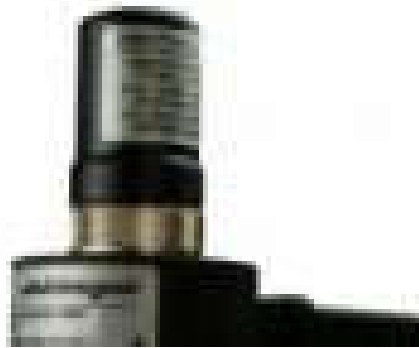

Elektrogas solenoids are one of the most popular valves on the market. Elektrogas, born from the DELTA group, are expert manufacturers, specialising in the production of gas solenoids. After being in existence for over 30 years' the Elektrogas brand combine expertise and innovation, in order to manufacture a high performing, technical solution, otherwise known as an **Elektrogas gas valve**.

Read More
Elektrogas solenoid valves are specifically designed for the gas industry and are manufactured to meet incredibly strict dimensional tolerances. Priding themselves on stringent reliability tests, Elektrogas solenoids are manufactured to meet diverse and specific customer requirements, guaranteeing the safety and quality of every product on the market.
